

INFORMATION SHEET & TERMS AND CONDITIONS

SEASON 2026/2027

We're so pleased you're considering joining the ICFA community. Whether your child is kicking a ball for the first time or building on existing skills, we aim to create a fun, safe, and supportive environment where every player can grow.

At ICFA, we believe football is about more than just sport. Our approach is grounded in the belief that sport should be both skill-building and joyful. We aim to support each child's development in a way that encourages lifelong engagement in physical activity, not just short-term performance.

We're also here to encourage connection and community among international families, and we hope ICFA becomes a space where both children and parents feel welcome and included.

In the next pages you'll find everything you need to know about how our sessions work and what to expect when joining ICFA. These are also our terms and conditions, so please read carefully.

We look forward to welcoming your child to the pitch and your family to our community!
